Among the applicants for aid to the Storey County Fathers yesterday, was Mrs. McCulley, aged 101 years.

Over 200 seats are already reserved for the testimonial concert to Miss Parkinson. The "Policeman's Chorus," from the Pirates of Penzance, with Bob Lindsey as the Sergeant, will be one of the features of the concert.

Harry, at Osburn & Shoemaker's was throwing out the water pipe yesterday, and so many questions were asked and suggestions offered, that his time was all occupied in answering the former and arguing the latter. To obviate all of this he placed a sign out where the work was going on which read on one side "Is the pipe frozen?" "No the water is frozen." On the other, were the words, "Suggestions will be received at Osburn & Shoemaker's." He gets along first rate now.

Some months ago the public was notified that a libel suit had been commenced by "Col." Moore against John Sunderland, our evening cotem. used a whole column to give the matter a good send off. Yesterday the suit was dismissed, with costs taxed to Moore. Of course the gallant warrior is not here to put up, and a line and a half is all Sunderland gets to signal his victory. We do not believe the suite was brought because Moore ever expected to recover, but to shut the mouths of men who believed Moore to be no good. The suit is dismissed, but where Oh, where is "Col." Moore? Echo answers, where.

#### New Firm.

A. G. Blakely and Charley Stoddard have purchased Lenderman's stock and business, and have taken possession. Both are good boys and will keep first class goods in their line. The stand is a good one and their new stock will be up in a day or two. Give the boys a call and see what they have to sell.

#### A Rocky Mountain Wonder.

The great canyon of Smith river, though comparatively unknown, is one of the most wonderful in all the Rocky Mountains. It is thirty miles in length and is inaccessible to a horseman for a distance of twenty miles. The mountains through which it opens its narrow winding way are very abrupt and impenetrable. The path of the stream is in most places narrow and dashes to and fro between the perpendicular cliffs and some who have tried to trace their way through had to retrace their steps and give it up as a bad job. In this dark den are to be found the most stupendous precipices in all the land. In one of these great walls, one hundred feet above the stream, is an opening to what is supposed to be an immense subterranean cavern. At the entrance stands the hermit of these wilds, gray with frost of many winters, a man of stone who has sentinel watch at the other gate of his palatial halls since the "morning stars sang together,"—perhaps. An expedition is to be organized in the spring by Colonel Kent to explore the new wonder.

#### The Purchase of Mutilated Coins.

The following circular has been issued by Director Burchard, of the Mint Bureau, regarding the purchase of mutilated silver coins at the mints of the United States. The Superintendents of the United States Mints at Philadelphia, San Francisco, Carson and New Orleans, have been authorized to purchase mutilated and uncurrent United States silver coin of standard fineness, at the rate of \$1 per ounce, troy weight, when presented in sums of \$3 and upwards. Coins can be forwarded to those mints by registered mail, or by express (charges prepaid), and the value will be returned, at the seller's risk and expense, by express, registered mail, check or draft. Persons sending full-weight United States subsidiary silver coins would receive, at the rate authorized, eighty cents per \$1 of their face value, but, for mutilated coins, a less amount, proportioned to their deficiency in legal weight. At the rates paid, mutilated silver coins will be worth at the mints: Per ounce, troy, \$1 per ounce, avoirdupois (about), 91; per \$1 face value (approximately), 70 to 78.

#### Meeting With Success.

The Modoc Independent says the farmers of Goose Lake Valley, who seem determined in their enterprise of building a grist mill, are meeting with good success in securing the necessary funds. The valley was divided into three districts as follows: The first district extends from Pine Creek to the upper end of the valley; the second district from Pine Creek to Willow Ranch, and the third district from Willow Ranch to the lower end of the valley. Committees were appointed to canvass each of these districts to ascertain what amount of stock could be disposed of. Luke Malkey and C. L. Sullivan, to whom were assigned the work of canvassing the last mentioned district, report that after a partial canvass they disposed of \$1,900 worth of stock, and state that the committees in the other districts are doing equally as well.

#### Thanks.

Brookins desires to thank all who so kindly helped him at the late fire. He says he should have done it before but has been so busy with the settlement of his insurance that he has neglected it. He feels very grateful for the prompt and careful way everything was moved, and the kind assistance rendered him after the fire. As soon as his building is rebuilt he will be at his old stand, and will have a larger and finer stock than ever. He is going to put in a larger stock of pianos, organs and other instruments which he will sell at eastern prices. At present he is located on the East side of Virginia street nearly opposite his old place and will keep fresh candles of his own manufacture cigars, tobacco and a large stock of varieties.

#### Musical Rehearsal.

The sixteenth rehearsal of the Department of Music of Bishop Whitaker's School for Girls will be held next Friday evening at 8 o'clock. It has been proposed to place in the school some memorial of Miss Sill, and to raise money for this object an admission fee of 50 cents will be charged to this rehearsal. The character of the rehearsals that have been given is a guarantee that this one will be of a high order. Seats will be reserved for all holders of tickets. Tickets for sale at the Postoffice, Allen's book-store and Nasby's Bazaar.

#### Bishop Whitaker's School.

The department of music under the direction of Miss Quail, will give the sixteenth rehearsal next Friday evening, at 8 o'clock. An admission fee of 50 cents will be charged, the proceeds to be used towards placing a memorial of Miss Sill in the school. #### Special Train.

The V. & T. R. R. Co. will run a special train from here Friday evening at reduced rates, for the benefit of all those who wish to attend the testimonial concert tendered Miss Parkinson, at Carson, provided enough passengers can be obtained to justify them. All those wishing to go will leave their names at the V. & T. ticket office. We hope Reno will send a large delegation to Carson to help this merited benefit, and witness one of the best amateur concerts ever given in the State.

#### The Fire Meeting To-Night.

Let every property holder and taxpayer in town attend the meeting to-night at the Justice Office, and take an interest in the proceedings. Don't put this matter off, arrive at some mode of organization, and support, and let us have a good fire department. There are a number of young men ready to take hold of the machines if the proper encouragement is given.

And now the S. F. Stock Report has got it! Six solid columns of silks, satins, feathers, swallow-tail coats, rum punch and "spoony." Of all the insufferable slush a newspaper was ever guilty of printing the Society articles of the San Francisco press takes the cake.

#### Notice.

If you want pianos and organs, or music books, sheet music, or anything in the music line you will please call on Brookins. We can safely say that Mr. Brookins has the nicest assortment of pianos, organs, sheet music, music books and every thing in the music and variety line we ever saw outside of any of the larger cities; and for prices he beats San Francisco or any house on the coast. His instruments come direct from the East, and he has the agency of thirteen different factories. Brookins can supply you with any make you desire. See his B. F. Baker upright piano which is never out of tune. Price \$375. See his Nevada organ, the finest parlor organ in the world, price \$175. Brookins fully guarantees everything, and trades new instruments for old ones, allowing just what the old ones are worth. #### Put it to Proof.

At a time when the community is flooded with so many unworthy devices and concoctions, it is refreshing to find one that is beneficial and pure. So conscious are the proprietors of Dr. King's New Discovery for Consumption, of the worth of their remedy, that they offer all who desire a trial bottle free of charge. This certainly would be disastrous to them did not the remedy possess the remarkable curative qualities claimed. Dr. King's New Discovery for consumption will positively cure asthma, bronchitis, stubborn coughs, colds, phthisis, quinsy, hoarseness, croup, or any affection of the throat and lungs. As you value your existence give this wonderful remedy a trial by calling on R. E. Queen, druggist, and obtaining a trial bottle free of cost, or a regular size bottle for \$1.

It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. #### AYER'S HAIR VIGOR

FOR RESTORING GRAY HAIR

To its Natural Vitality and color.

Advancing years, sickness, care, disappointment, accident, hereditary predisposition, all turn the hair gray, and either of these incline it to shed prematurely. AYER'S HAIR VIGOR, by long and extensive use, has proven that it cures the falling of the hair immediately; often "renews the growth; and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brassy, weak, sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and stabilized; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the Vigor is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness it imparts.

AYER'S SARSAPARILLA.

For Purifying the Blood.

This compound of the vegetable sarsaparilla, Dock, Stillings, and Mandrake with the iodides of Potash and Iron, makes a most effective cure of a series of complaints which are very prevalent and afflicting. It purifies the blood, purges out the lurking humors in the system, that undermine health and settle into troublesome disorders. Eruptions on the skin are the appearance on the surface of humors that should be expelled from the blood. Internal derangements are the determination of these same humors to some internal organ or organs, whose action they derange, and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone the disorders they produce disappear, such as Ulceration of the Liver, Stomach, Kidneys, Lungs, Eruptions and Eruptive diseases of the Skin, St. Anthony's Fire, Rose or Erysipelas, Eruptions, Pustules, Blisters, Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ring-worm, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea arising from internal ulceration and uterine diseases, Dropsy, Dyspepsia, Emaciation and General Debility. With their departure health returns.

AYER'S CATHARTIC PILLS

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, CURING

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Piles, Stomach and Bowel Complaints, Headache, Erysipelas, Piles, Rheumatism, Eruptions and Skin Diseases, Biliousness, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Diarrhoeic.

Pill, and purifying the blood, are the most congenial purgative ever perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organs into action; and they impart health and tone to the whole body. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most skillful physicians, most eminent clergymen, and our best citizens, send certificates of cures performed, and of great benefits derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated, they are easy to take; and being purely vegetable, they are entirely harmless.
